Q4

AGREEMENT

THIS AGREEMENT made this _____ day of September, 2004, by and between the FLORIDA KEYS ELECTRIC COOPERATIVE ASSOCIATION, INC., hereinafter called ("FKEC") and the COUNTY OF MONROE, FLORIDA, a political subdivision of the State of Florida, hereinafter called ("COUNTY"):

WHEREAS, FKEC, is a Florida, not-for-profit corporation, organized and existing under Chapter 425, Florida Statutes, and is an electric utility providing electric service pursuant to Territorial Agreements approved by the Florida Public Service Commission in its service area in Monroe County, Florida, and

WHEREAS, the COUNTY, is engaged in the operation and maintenance of street lights and traffic signals within FKEC's service area in Monroe County, and

WHEREAS, the COUNTY desires FKEC to provide certain repair and replacement services for the outdoor lighting and traffic signals as described on Schedule "A", attached hereto (hereinafter sometimes referred to as "facilities") in order that the COUNTY may limit the costs to its citizens that would be incurred by the expense of additional staff and service vehicles required to perform such repair and replacement services, and

WHEREAS, FKEC, at the request and direction of the COUNTY, is willing to provide such repair and replacement services for which the COUNTY shall compensate FKEC as provided herein, and

WHEREAS, FKEC and the COUNTY intend that FKEC will provide the necessary replacement parts and other related materials necessary for such repair and replacement services, and

WHEREAS, the parties recognize that the costs of services are likely to vary for similar services due to circumstances which include, but are not limited to, time of day and traffic flow, which may necessitate labor related to safe direction of traffic, fluctuation in acquisition costs, the existence of peripheral equipment needing maintenance and repair, location of FKEC crew(s) when dispatched to a site of repairs, and whether overtime costs are incurred,

NOW, THEREFORE, for and in consideration of the mutual covenants and conditions as stated herein, the parties agree as follows:

1. FKEC shall, at the request and direction of the COUNTY, provide repair and replacement services for the facilities described on Schedule "A".
2. FKEC will endeavor to maintain an adequate inventory of materials, equipment, and replacement parts to repair the facilities. The COUNTY's compensation to FKEC shall include the average cost of such items plus twenty percent (20%) for warehouse costs.
3. FKEC's repair and replacement responsibilities hereunder shall not include any obligation to construct new facilities, to monitor or inspect the facilities, or to assume any liability or responsibility for the control of traffic. Neither shall FKEC have any responsibility for making decisions, judgments, or planning, regarding traffic safety, location of traffic signals, outdoor lighting facilities, the kinds and types of such devices purchased by the COUNTY, computer hardware and

software to operate such equipment, or any other matters that lie within the duties and obligations of the COUNTY as a governmental entity to protect the health, safety and welfare of the citizens of the County of Monroe and the traveling public. FKEC shall be responsible for compliance with standard traffic safety procedures required by the Florida Department of Transportation while performing repair and replacement services hereunder.

4. FKEC shall provide the repair and replacement services when requested in a reasonable, prudent, and timely manner, as outlined in Exhibit "1", and with due regard to the fact that the COUNTY, and not FKEC, has exercised its judgment in the purchase of the facilities. By undertaking the repair and replacement services hereunder FKEC shall not be deemed to have made any assessment, determination or inspection of the facilities, nor shall FKEC be deemed to have approved of the adequacy, sufficiency or appropriateness of the facilities for any purpose, including, but not limited to, safety, security and level of illumination.
5. The COUNTY shall pay FKEC its fully allocated costs for labor, materials, and overhead, including, but not limited to, any allocated share of FKEC's administrative and general expenses and insurance costs, including costs incurred by FKEC in the training/certification of its employees assigned to the repair and replacement services, following generally accepted utility accounting practices, and such payment shall be invoiced to the COUNTY on a monthly basis with reasonable detail identifying such costs. All invoices shall be due and payable as consistent with the Florida Prompt Payment Act, Florida Statutes §218.70 through §218.79.
6. Nothing herein contained shall be construed to reduce the obligation of the COUNTY to provide for the monitoring, inspection and operation of the facilities, and the parties specifically agree that FKEC, by entering into this Agreement, shall neither assume nor be obligated to assume any responsibility for the monitoring, inspection, operation and control of the facilities. The COUNTY shall have the duty to notify FKEC, as hereinafter provided, of the necessity for any repair or replacement services.
7. The COUNTY, recognizing the inherent risks and likelihood of damage to persons and property, should the facilities fail to operate properly, and further recognizing that FKEC's primary mission is to provide electric services to its members and not to engage in activities that could place its members' assets at risk, does hereby covenant and agree, to the maximum extent allowed by law, to indemnify and save FKEC harmless of and from all losses, claims, suits, damages to persons and property, and reasonable attorneys' fees that may arise due to the failure of the facilities to operate for any reason.
8. No additional facilities may be added to the scope of this Agreement without FKEC's prior written approval, and if such approval is granted, such additional facilities shall be identified as to location, kind and type in a written schedule to be attached to Schedule "A", and dated and signed by both parties.
9. Notwithstanding any provision herein to the contrary, FKEC shall have no duty or obligation to monitor or inspect the facilities at any time. FKEC's repair and replacement responsibilities are understood to be "on call" following practices and procedures as specified in Exhibit "I". It shall be the duty and responsibility

of the COUNTY to notify FKEC of a need to provide repair and replacement services to a particular facility, and upon such notification, FKEC shall respond as provided in Exhibit "I".

10. Either party shall have the right to terminate this Agreement upon 60 days written notice to the other.
11. This is the entire agreement between the parties, superseding all prior oral or written agreements or negotiations, and no alteration, modification, or amendment to this Agreement shall be valid unless the same be reduced to writing and signed by the parties hereto.
12. This Agreement shall be binding on the successors and assigns of the respective parties, and shall be construed in accordance with the laws of the State of Florida, and shall be interpreted without regard to the party or parties deemed to have drafted it.
13. Any notice, request, demand, instruction or other communication to be given to either party hereunder other than requests for repair and replacement services as indicated on Exhibit "1", shall be in writing and shall be hand delivered; United States mail (registered or certified, postage prepaid with return receipt request); courier service such as Federal Express or United Parcel Service or some other comparable overnight mail service provided the courier service provides a written receipt; or by facsimile (fax) for which a confirmation notice of delivery is provided, to COUNTY, FKEC, COUNTY's Attorney, and FKEC's Attorney at their respective addresses set forth below. Notice shall be deemed to have been given upon receipt or refusal of delivery of said notice or upon hand delivery to the address indicated. The addressees and their addresses for the purpose of this paragraph may be changed by giving notice in the same fashion as described herein.

14. The prevailing party shall be entitled to recover its attorney's fees, costs and expenses incurred by it arising out of any litigation under this Agreement, including all such fees, costs and expenses at any appellate proceeding.
15. Neither party may assign any of its rights or obligations under this Agreement without the express written consent of the other party, provided, however, that FKEC may assign its rights and obligations under this Agreement to a subsidiary of FKEC without the consent of the County.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seal this ____ day of June, 2004.

Exhibit "I"
to the Agreement for Repair and Replacement Services for
Traffic Signals and Outdoor Lighting
between
Florida Keys Electric Cooperative Association, Inc. ("FKEC") and
the County of Monroe, Florida, a political subdivision of the State of Florida ("COUNTY")

At the request and direction of the COUNTY, FKEC shall provide repair and replacement services for the outdoor lighting facilities identified on Schedule "A" to this Exhibit "I" and for the traffic signals identified on Schedule "B" to this Exhibit "I". After notification of the need for repair and replacement services, FKEC shall use reasonable and prudent efforts to send appropriately equipped personnel to the designated location within 2 days of a request as to outdoor lighting facilities, and within 2 hours of a request as to traffic signals, to assess the nature of repair and replacement services required.

The individuals authorized by the COUNTY to request repair and replacement services from FKEC hereunder, and their respective telephone and fax numbers are listed as follows:

COUNTY Authorized Personnel:

1. Dent Pierce, Director of Monroe County Public Works
Telephone: (305) 292-4560
Facsimile: (305) 292-4558
2. David Koppel, County Engineer
Telephone: (305) 292-4426
Facsimile: (305) 292-4321
3. I.B. Crutchlow, Construction Engineer
Telephone: (305) 289-6074
Facsimile: (305) 289-6075

The individuals at FKEC who are designated by FKEC to receive requests from the COUNTY and their respective telephone and fax numbers are set forth as follows:

FKEC Designated Personnel:

1. Carl R. Paul
Special Projects Manager
Phone: (305) 743-5344 ext. 115
Fax: (305) 743-9191
Mobile: (305) 522-6327
2. Ernest H. Neubauer
Marathon District Manager
Phone: (305) 743-5344 ext. 131
Fax: (305) 743-9191
Mobile: (305) 522-0001

3. Craig Rabito
Line Foreman
Phone: (305) 743-5344 ext. 24
Fax: (305) 743-9191
Mobile: (305) 481-4921

Richard Norton
Service Supervisor
Phone: (305) 743-5344 ext. 20
Fax: (305) 743-9191
Mobile: (305) 481-0250

All requests for repair and replacement services shall be in writing and either hand delivered to FKEC's designated personnel or faxed to them; provided, however, that as to the traffic signals, the COUNTY may telephonically request repair and replacement services and shall follow up such telephonic request with a written request submitted by facsimile.
